

Ginninderry Pet Policy

Tariff - \$40/pet/night

To ensure the continuation of acceptance of four-legged friends at Ginninderry... We ask that you respect our pet policy.

Pets are required to be supervised at all times; under no circumstances are they to be left in your room or on the property unattended.
(Unfortunately we cannot offer dog-sitting services)

Whilst around the homestead, your dog MUST be on a leash (even in your presence). Your dog is free to run (supervised) off the leash, along our driveway, provided our animals (chickens are generally the favourite to chase!) are not disturbed.

If your dog is house trained, they are allowed in your bedroom. They are not allowed on your bed or any other furniture.

Charges for damage or excessive cleaning will automatically apply.

Communal guest areas are strictly not for pets.

We ask that you provide appropriate bedding and provisions for your pet. (Including a bed, food/water bowl and a towel should your dog have wet feet)

For the comfort of our other guests **please settle your dog if barking.**

We ask that you **pick-up deposits left on the front lawn** (other lawn areas are fine) or pathways (you can move them to the garden - pooper scooper on verandah). The garden welcomes your dog's fertilizer, so no need for pick-ups here! If you opt to place your pet's surprise in a bag, this can be deposited in the industrial rubbish bag near the barn. Female dogs tend to burn patches on our luscious front lawn so avoidance, if possible, would make Wayne (our lawn engineer!) very happy.

The wellbeing of your dog whilst at Ginninderry is your responsibility; we have not had any incidents to date, however being a farm there are possible risks for pets.

If your day or evening plans do not include your dog, Best Friend Pet Centre at 140 Parkwood Road can be contacted on (02) 6254 6399 to assist. Their rates are reasonable and they are just a couple of minutes away! Although not generally open on weekends, they may make concessions for Ginninderry Clients. www.bestfriendpetcentre.com.au.

Our dogs love having visiting friends! They will welcome you on arrival, have a sniff and then assume their customer relations duties.
